Hon. Richard Dallam  
"The Aldine"

Dear Sir:

Some time since an arrangement was made with the Pickerton Agency to send a man to the Eastern Shore in connection with the lynching there, and I have heard nothing as to his movements, or what progress if any has been made in the matter.

I wish you would get a report at once, in order that the State may not be involved in any unnecessary expense, and advise me of the result.

Very truly yours,
