

ed if they could. If we are to brand a whole community for the offense of a few law breakers, and denounce it as unfit for educational purposes on that account, other states and sections might be pardoned for asking the removal of Johns Hopkins University from Baltimore because of the rowdiness and lawlessness of a part of our negro population. But no one in his senses supposes that any such suggestion would be made, even if the Hopkins were a government institution. There are many disorderly negroes in Baltimore who have been emboldened by the belief that they are considered essential to the continuance of republican ascendancy. But it would be ridiculous to charge that the whole community is responsible for the conduct of these disorderly elements or that they are representative of our civilization or progress. On the contrary, like the Annapolis lynchings, they represent merely temporary conditions, and not the permanent character or status of the city.

THE WAR IS OVER

And now our thoughts are all of peace and home. There are, too often, people to be found who have no home, and it is to them these few words are addressed. If you really want a home you can easily get one, but you should act at once before the relapse from the war puts prices on the advance. In Marinette County, Wisconsin, the very finest farming land is to be had now at a most modest figure. Excellent home markets are at hand to take whatever the farmer raises, and good prices are given. These lands are on the Chicago, Milwaukee & St. Paul Railway, and full information concerning them will cheerfully be furnished by C. E. Rollins, Immigration Agent, 161 La Salle Street, Chicago.

THE ANNUAL CIRCUS EVENT, MAIN'S FINE SHOW COMING TO ANNAPOLIS.

On Thursday, Oct. 13th, Annapolis is to be visited by Walter Main's fine circus and menagerie. It comes highly recommended by the press of both the States and the Provinces. It is a square dealing show, and neither gambling nor pilfering is permitted near it. The attaches are gentlemen, and will make it pleasant for all visitors. Everyone connected with the show is proud of the big institution, with which he is connected, and the public will be surprised at the enormity at the show too, as well. It comes on its own special trains. The parade will embrace the principal streets and start at 10.00 a. m. from grounds. The parade will be novel and worth seeing. Many of the animal dens will be open to view. There are some very fine specimens of the wild beasts creation in the menagerie. One unprecedented novelty and curiosity is the baby elephant, only two months old. He is called Admiral Dewey, but should be named, the attendants say, "Peanut," as he is so very small and has acquired an unsatisfiable appetite for the circus nut. There is a den containing three baby lions only six weeks old, another with a young kangaroo, and another having in it four baby monkeys. Some baby Arabian ponies are other features, also a big flock of ostriches and one baby chick ostrich among them. This great show has the finest performing lions, tigers and leopards on earth. They all perform in the open circus ring, like equestrians and acrobats, and do the same kind of feats, even the lions riding horseback and somersaulting. It is a wonderful act. The circus is excellent. It is one of the features and full of comedy. The aerialists, riders, acrobats, leapers and general performers are the very best that money can procure. There are nine acts in the circus the finest of their kind in the world. Band concert in circus tents one hour preceding each performance. Doors open at 1 and 7 p. m. Programme commences at 2 and 8. The great lion act com-

tested and the highest dorse of all remed weak throats, weak hu consumption in all its
